OBJECTIVE

Software Engineer with 2+ years of experience in website development, seeking full-time Frontend developer roles

EDUCATION

Bachelor of Computer Science, International Information Technology University Expected 2024

Relevant Coursework: Web Applications, Algorithms and Data Structures, Computer Networks, Operating Systems

SKILLS

Programming Languages: JavaScript, TypeScript, Java, Python, C++

Frameworks/Tools: Next.js, React.js, Nuxt.js, Vue.js, Spring, Firebase, Figma

EXPERIENCE

Frontend Developer

Sep 2022 - Jan 2023

Association of Specialists in Respiratory Medicine

Astana, KZ

- Maintained, developed, and designed the public website using Vue 2, Vuex, HTML5, and CSS
- Responsible for mobile responsiveness, cross-browser compatibility, registration process, and UI/UX design
- Integrated website with RESTful API

Frontend Developer

Apr 2022 - Oct 2022

BCPD Ltd.

Astana, KZ

- Developed dynamic and browser-compatible pages using Next.js, TypeScript, and Tailwind
- Worked in an agile environment with weekly stand-ups to design the user UX journey
- Contributed to the organization of EdTech Forum

PROJECTS

Boku Stream: Built a streaming platform for watching the trailers of the latest movies by using NextJS, Firebase, TMDB API, and Tailwind. Users can add their favorite movies to 'Watch Later' list ([Try it here](#))

ASRM (Team Project): Developed frontend part of a fullstack website for a non-profit medical organisation by using VueJS, Vuex, and Figma. Designed to make announcements and post news in respiratory medicine. Users can create accounts and sign up to events via website

Plannet: Built a mobile application designed to create short/long term goals, follow them on daily basis, and share with friends by using React Native and Firebase. The application itself is a social media, where users post challenges for themselves and share their progress with others

EXTRA-CURRICULAR ACTIVITIES

- Leader of ITFM student radio club at IITU. Coordinated events organised by the student club, active member of student government
- Produce music and post copyright songs on [Spotify](#)

HONORS/AWARDS

- **InfomatrixASIA-2018:** - Gold Medal
- **StartUp Weekend Competition 2019:** - 1st place and 3000\$ prize
